Memorandum for Mr. Bower:

In re statistical reports for Alaska fishing operations for the past season, we have the following information:

Inland Sea Packing Company inform us they have gone out of business and that the Washington office has been so notified;

✓ Chatham Strait Fish Company and Alaska Reduction Company have evidently gone out of business, as letters addressed to them have been returned to this office unopened;

✓ Todd Packing Company inform us that their report will go forward tonight;

✓ Pavlof Harbor Packing Company will send in their report tomorrow.

We are endeavoring to get reports from the other firms and as soon as we have any definite information will advise the Washington office.

Very truly,
